# Welcome to the ICI community

It is with great pleasure that I introduce to you the International Career Institute School Catalog for this academic year. This catalog serves as a window into the world of opportunities and education that awaits you at our esteemed institution.

At the International Career Institute, we have always been committed to providing the highest quality education to our students. Our catalog is a testament to the wide range of programs and courses we offer, designed to empower you with the knowledge and skills needed to excel in your chosen career path.

Within these pages, you will find information about our programs and courses, faculty, facilities, teaching methodologies, and the services we provide to a diverse community of learners that make up our institution. We take pride in fostering an inclusive and supportive learning environment where your aspirations can take flight.

As you peruse this catalog, I encourage you to dream big and imagine the possibilities that lie ahead. Whether you are embarking on a new educational journey or advancing your existing career, the International Career Institute is here to quide you every step of the way.

Thank you for considering the International Career Institute as your partner in achieving your career goals. We look forward to welcoming you to our community and helping you pave the path to a bright and successful future.

Sincerely,

Mark V. Figueroa, FNP-C President/CEO

#### **GENERAL INFORMATION**

#### **Vision Statement**

Our vision at International Career Institute (ICI) is to become a global leader of healthcare education and training services that produces graduates that are theoretically prepared, clinically competent, and innovative thinkers in a technologically driven and culturally diverse society.

#### **Mission Statement**

International Career Institute (ICI) is an institution dedicated to providing quality education at an affordable cost, creating personal and professional growth, enriching the community and meeting today's challenges in society. We are committed to deliver, enhance and convey an education with knowledge resources, support services and academic programs that will prepare our students to compete in today's workforce.

#### **Institutional Goals**

International Career Institute (ICI) intends to carry out its mission and vision by:

- providing excellence in learning and teaching career/technical education and lifelong learning
- enabling the institution to respond to the changing needs of students and faculty by providing current technology for instruction and operations
- fostering activities and programs that promote the understanding, appreciation and acceptance of diversity
- maintain, update and improve facilities and administrative services to support the educational mission of the institute and provide an environment conducive to teaching and learning
- develop relationships and partnerships with educational institutions, businesses and industries which contribute to the cultural, economic, educational and social advancement of the community.
- assess institutional effectiveness as part of the planning and renewal process of accreditation based on continuous improvement plans
- attract and retain highly competent employees and provide for their educational advancement and professional growth

## **Statement of Non-Discrimination**

ICI is committed to the concept of an open-door policy and equal educational opportunity. ICI does not discriminate based on race, color, creed, national or ethnic origin, gender, religion, disability, age, political affiliation or belief, disabled veteran, veteran of the Vietnam Era, or citizenship status (except in those special circumstances permitted or mandated by law). This policy encompasses the operation of all educational programs and activities including admissions policies, scholarship or loan programs. This policy also applies to the employment of personnel and contracting for goods, and services.

#### **Notification of Changes to Policy**

ICI may change school policies anytime and as the need arises. Any changes will be made in writing and shall not be binding on either the student or the school unless such changes have been approved in writing by the authorized official of the school and by the student or the student's parent or guardian. All terms and conditions of the agreement are not subject to amendment or modification by oral agreement.

### **ADMISSION AND REGISTRATION**

#### **Minimum Requirements for Admission**

At a minimum, all applicants to courses offered at International Career Institute must be a high school graduate, or with GED certification or possess the ability to complete the program as specified by the state certifying body at the time of enrollment. As programs are conducted in the English language, all applicants must likewise be proficient in written and spoken English.

#### **Additional Requirements for Admission**

- Physical and Immunization Requirements. In accordance
  to federal and state law on infection control for health care
  providers as well as clinical site requirements, all applicants
  must undergo a general health assessment by a licensed
  healthcare provider and submit documentation of
  immunity to Measles (Rubeola), Rubella, Mumps,
  Tetanus/Diphtheria, Varicella, Hepatitis B, COVID-19 and
  Influenza (for PN and PCT students). Tuberculosis (TB)
  testing of not more than one year from the date of the first
  clinical is also required. The student must show a negative
  result through Quantiferon testing. Exemption to
  vaccinations are absolutely NOT accepted except for
  medical contraindications as prescribed by a licensed
  health care provider.
- Criminal History Background Check Requirements. The
  Health Care Worker Background Check Act requires that a
  fingerprint-based criminal history records check be
  initiated on students prior to direct contact with patients. A
  waiver application must be submitted to the Illinois
  Department of Public Health if an applicant has a
  disqualifying conviction. The waiver must have been
  granted and submitted to the school prior to admission
  into the program.
- Computer Skills Requirements. A considerable amount of time will be spent utilizing and accessing online resources and course content. All students must, at the minimum, be able to use an email system, download from and attach documents to an email, create computer documents using a variety of software (e.g., word processing, presentation, etc.), save documents on a personal computer or portable storage device, retrieve and open documents from their stored locations, print documents, navigate the internet using a web browser, and use a learning management system.

## Specific Requirement for the EKG Technician Training Program

In addition to the minimum requirements for admission, EKG Technician Training Program applicants must present evidence of prior training and/or certification in an allied health program. Students may submit an Official Transcript of copy of certification as part of application documents.

#### **Admission Assessment**

Applicants to all programs must be able to demonstrate baseline proficiency levels in Math, English and Science [for Practical Nursing] that are necessary for successful progression through the course. Standardized assessments that measure specific proficiency requirements for the program will be administered to applicants during the admission process. Completion of English remediation may be required in some cases prior to enrollment.

#### **Conditional Admission**

Students who do not meet some of the admission requirements by the start of the class may be admitted on a conditional basis upon the approval of the Program Director. Students on conditional admission must meet the conditions stated on their Conditional Admission Letter or Form to remain in the program.

#### **Transfer Student Admission**

Students who have completed coursework at another institution may transfer to International Career Institute. Based on the courses completed and the student's performance in that coursework, students may receive credit toward their program requirements. Official transcripts, course descriptions and other supporting documentation must accompany a request for Academic Evaluation. Students are responsible for requesting their transcript and paying the required fees. Official transcripts must be in a sealed envelope and sent directly to the ICI Admissions Office. Not all courses may be credited, however. Students must complete a minimum of 65% coursework at ICI to meet graduation requirements.

#### **Acceptance to the Program**

The Admissions Committee will review applications after all requirements have been met. Candidates will receive notification from the Admissions Director within a few days following the final step in the admission process regarding acceptance to the program.

### **Accommodations for Students with Disabilities**

Every attempt will be made to accommodate qualified students with disabilities (e.g. mental health, learning, chronic health, physical, hearing, vision, neurological, etc.). Please refer to the "Functional Abilities / Essential Requirements for Nurses" page in the Student Handbook to see if you are able to meet the requirements of the job you are seeking certification for. If you do, despite your disabilities, you must inform the Admissions office right away so necessary accommodations may be provided for you. Students needing accommodations must submit valid and most recent documentation describing the disability and the specific learning/testing accommodations requested. These discussions are confidential, may take time to put into place and are not retroactive.

Do you want to know if Online Learning is for you?

Check your readiness for online learning by taking the Online Learning Readiness Survey from the University of IL Springfield.

To access the survey, go to: <a href="https://uisits.co1.qualtrics.com/jfe/form/SV">https://uisits.co1.qualtrics.com/jfe/form/SV</a> 9ucQAD2cQpFV1EV

#### **Documents Required Upon Application**

Submission of the following documents starts the Admission and Program Advisement Process:

- Completed Student Inquiry and Application Forms
- Copy of Photo Identification Card (State ID / Driver's License)
- Copy of Social Security Card
- Copy of Proof of US Citizenship / Immigration Status (Optional)
   *Examples:* Birth Certificate, US Passport, Naturalization
   Certificate, Employment Authorization card, Legal Permanent
   Resident card, Visa, etc.
- Copy of High School Diploma or GED Certificate
   The following documents may also be accepted as proof of
   high school graduation or its equivalency:
  - Official Transcript of Records indicating admission to and/or completion of an undergraduate or postgraduate degree from a US college or university with a clear indication of high school graduation being the basis for admission;
  - Copy of a fully completed Department of Defense form DD-214 indicating that the applicant completed high school prior to or during his/her armed forces service
  - For students who have completed high school in a foreign country, an official credential evaluation from a National Association of Credential Evaluation Services (NACES) approved agency must be submitted with the foreign high school diploma
  - For students who have been homeschooled, a certification from the district school superintendent that the student's program was substantially equivalent to a four-year high school program
- Official College Transcripts (if seeking transfer of credits taken from another institution)
  - If Transcript is from a non-US college, an official credential evaluation from a NACES approved agency must also be submitted
  - If Transcript is from a non-accredited US school, competency testing of the subject seeking credit is required
- Copy of IDPH Nursing Assistant Certificate (if enrolling in Practical Nursing program)
  - Listing of applicant's name, with social security number verification, in the Illinois Healthcare Worker Registry may also be accepted as documentation
  - If none, applicant must complete the ICI Basic Nursing Assistant Training Program
- Copy of Current Basic Life Support for Health Care Provider (CPR) Card

If none, applicant must complete a Basic Life Support for Health Care Provider class

- Completed Physical Examination and Immunization Record
- Completed Health Care Worker Background Check Authorization
- Other Signed School Forms
- Proof of payment of all Application and Testing Fees

#### **Tuition, Fees, and Scholarship Grants**

Tuition and Fees for each program are listed in the Appendix portion of this catalog. Payment plans are available and may be arranged upon enrollment. International Career Institute is a certified WIOA Training Provider. Scholarship grants are also offered by private institutions through ICI.

#### **Cancellation and Refund Policy**

**Tuition Refund Policy.** Student registration, application, payment plan and laboratory fees and identification card are not refundable. Under the law, you have the right, among others, to pay the full amount due and to obtain under certain conditions a partial refund of the finance charges.

Any student applying for a class that is discontinued by the school shall receive a complete refund of all fees and/or tuition paid. It is the policy of International Career Institute (ICI) to issue refunds of tuition and fees in a prompt manner. Students should give written notification to ICI (in person, by postal or electronic mail) of their intention to withdraw from a program. ICI requires written notification of withdrawal as a condition for making refunds.

Should the student's enrollment be terminated, or should the student withdraw for any reason, regardless of actual attendance in the course/program or time of access of any online classes/resources, all refunds will be made according to the following refund schedule:

Tuition Reimbursement Schedule		
Based on date of enrollment, if Student is entitled to get back		
0 to 2.9 calendar days	50% of course tuition fee	
3 to 6.9 calendar days	20% of course tuition fee	
More than 7 days	0% of course tuition fee	

Such tuition reimbursement schedule will also apply to any and all installment payment plan arrangements. ICI has the right to collect any amount due after the cancellation has been made according to the above tuition reimbursement schedule. Unpaid payment plan accounts may be sent to an outside collection agency. The student will be responsible for any collection costs and attorney's fees associated with the collection of the account.

Cancellation Policy. The student has the right to cancel the initial enrollment agreement until midnight of the third calendar day after the student has been enrolled into the program. If the right to cancel is not given to any student at the time the agreement is signed, then the student has the right to cancel the agreement at any time and receive a refund on all monies paid to date within 10 days of cancellation. Cancellation should be submitted to the authorized official of the school in writing.

Withdrawal Procedure. All notifications of withdrawal must be in writing. If no notification of withdrawal is received, and a student has had an unexplained absence of more than fifteen (15) consecutive class days, ICI shall consider the student to have withdrawn from the program. In all cases, the date of withdrawal shall be fifteen (15) days after the last day of attendance. Refunds shall be made within 30 days after the written notification of withdrawal has been received by the institution. No refunds will be made without written notice of withdrawal.

### PROGRAMS OF STUDY

### BASIC NURSING ASSISTANT TRAINING PROGRAM

The Basic Nursing Assistant Training Program is a 4 to 8-week hybrid (online and face-to-face) program that prepares students into their roles and responsibilities as nursing assistants in long term care facilities and other health care settings. Through lecture/discussion, supervised laboratory and actual clinical experience, students are provided with the knowledge and skills needed to provide basic nursing care for patients in various health care facilities. Students are eligible to take the IL Nurse Aide Written Competency Exam after successful completion of the program. The BNATP is approved by the Illinois Department of Public Health.

#### **COURSE DESCRIPTION**

130 Clock Hours (90 Hours Theory & Laboratory [35 Hrs Face to Face | 55 Hrs Online) + 40 Hours Clinical) Pre-requisites: None

This course follows the BNATP Model Program of the Illinois Department of Public Health. The curriculum is designed to provide the students with knowledge and skills necessary to perform entry-level tasks of an Illinois Certified Nursing Assistant in the following clusters: communicating information, performing basic nursing skills, performing personal care skills, providing

basic restorative skills, providing mental health and social services, and providing residents' rights. In addition to completing the required 90 hours of theory/laboratory and 40 hours of clinical attendance, the student must demonstrate proficiency in the required 21 Manual Performance Skills in order to satisfy the manual skills component of the state competency evaluation program. This is a hybrid program.

Completion certificates from other IDPH-approved BNATP may be accepted for credit towards the Practical Nursing admission requirements.

#### PROGRAM LEARNING OBJECTIVES

At the end of the training program, students should be able to:

- Perform basic nursing skills for clients in a variety of settings.
- Safely and effectively perform personal care skills.
- Recognize the psychological, emotional, physical and spiritual needs of clients.
- Exhibit proper ethical and legal behavior in giving nursing care.
- Demonstrate effective communication and interpersonal skills.
- Demonstrate behavior that maintains the rights of the client.
- Perform nursing care with regard to the principles of infection control.
- Acquire the proper knowledge and skills to respond to emergencies.
- Demonstrate observation and documentation skills needed in the assessment of residents' health, physical condition and wellbeing.
- Demonstrate competency with the minimum required nursing aide skills defined by the Illinois Department of Public Health

## PROGRAM COMPLETION & STATE CERTIFICATION ELIGIBILITY REQUIREMENTS

To successfully complete the program and be eligible to take the State of Illinois Competency exam for Nursing Assistants, the student must fulfill ALL of the following requirements:

- Earn a grade of 82.14% (B-) or better in the theory and clinical part of the program
- Pass the Manual Skills Assessment part of the program (IDPH mandatory 21 skills)
- Complete 80 hours of Theory and 40 hours of Clinical instruction

In order to be placed on the IDPH Health Care Worker Registry as a Certified Nursing Assistant in the State of Illinois, the student must fulfill ALL of the following requirements:

- Pass/Complete the Basic Nursing Assistant Training Program
- Pass the IL Nurse Aide Competency Exam (Valid Social Security

Number required)

 Submit a Fingerprint-based Health Care Worker Criminal History Records Check or be granted a waiver for disqualifying convictions

## **PHLEBOTOMY**

Phlebotomy is a 190 clock-hour program that prepares the student for a career in the clinical laboratory sciences. The program is designed to train the student in intravenous blood withdrawals and specimen collection for the purpose of laboratory analysis. Course work includes proper specimen collection, handling and processing, communication skills, safety and infection control, and other clinical skills integral to their upcoming role as members of the health care team. The student has the opportunity to apply the knowledge and skills gained in the theory and laboratory classes through completion of 100 venipunctures and clinical externship. After successful completion of the program, the student is eligible to sit for the certification exams through the National Healthcareer Association Certification Exam.

#### PROGRAM LEARNING OBJECTIVES

At the end of the training program, students should be able to:

- establish their role in the health care system;
- apply infection control and safety procedures;
- relate major areas of the clinical laboratory to general pathologic conditions associated with the body systems;
- adhere to standards of specimen collection, requisitioning, transport, processing, and clinical analysis to keep specimen integrity in the delivery of patient care;
- follow systems of quality assurance and quality control in phlebotomy;
- communicate effectively and appropriately in the workplace.

#### PROGRAM COMPLETION REQUIREMENTS

To successfully complete the program and be eligible to take the certification exam for Phlebotomy Technicians, the student must fulfill ALL the following requirements:

- Earn a grade of 78.57% (C+) or better in the theory and clinical externship part of the program
- Complete 100 hours of Phlebotomy Principles and Practice AND 90 hours of Externship
- Successfully perform 100 venipunctures

#### **COURSE DESCRIPTIONS**

#### PHB 110: Phlebotomy Principles and Practice

100 Hours

This course provides students with knowledge and skills on common phlebotomy practices for adults and children. Students learn how to safely and effectively draw blood using venipuncture and capillary puncture methods for adults and children, including finger or heel sticks for young children and infants. Non-blood specimen collection practices are likewise discussed and practiced. The course emphasizes proper infection control, preparing the blood collection site, choosing the proper collection tools and handling the transportation, processing and management of collected samples.

#### PHB 120: Phlebotomy Externship

90 Hours

In this course, students practice the blood and specimen collection and handling skills learned in their theory class in an off-campus setting. Under supervision by a preceptor in an off-site laboratory or medical center, they perform the following tasks:

- Draw blood from patients and blood donors
- Evaluate patients' ability to withstand procedure
- Explain blood-drawing procedure to patients and answer questions
- Perform basic point of care testing, such as blood glucose levels
- Prepare blood, urine and other specimens for testing
- Verify patient/donor identity
- Maintain medical equipment such as needles, test tubes and blood vial

## EKG TECHNICIAN TRAINING PROGRAM

The EKG Technician Training Program is a 40-clock hour continuing education program for graduates of other allied health care programs. It prepares students for a career as an EKG Technician in hospitals, clinics, emergency and trauma centers, private physician offices, outpatient centers and extended nursing care facilities. Students gain essential knowledge and skills in preparing patients for testing, operation of electrocardiograph machine, and recording the 12 lead ECG rhythm stripes in a manner that provides reliable tests for the physician's interpretation. After successful completion of the program, the student is eligible to sit for the National Healthcareer Association Certification Exam.

#### **PROGRAM LEARNING OBJECTIVES**

At the end of the program, students should be able to:

- list the procedures for electrocardiography;
- properly place EKG electrodes on patients;
- perform a 12-Lead EKG
- connect Holter Monitors;
- perform Stress Tests;
- understand angiocardiographic studies and cardiac catheterization;
- use proper medical terminology associated with EKG testing;
- assist patients undergoing EKG testing.

#### PROGRAM COMPLETION REQUIREMENTS

To successfully complete the program and be eligible to take the certification exam for EKG Technicians, the student must fulfill ALL the following requirements:

- Earn a grade of 78.57% (C+) or better in theory and laboratory
- Complete 40 hours of theory and laboratory

## RESIDENT ATTENDANT TRAINING PROGRAM

The Resident Attendant Training Program is a 2 to 4-week course, with 20-clock hour duration, which follows the 77 IL Admin Code minimum topic requirements, through the adoption of the IL Department of Public Health model program. Modules on verbal and nonverbal communication, resident behavioral issues and management techniques in communication; resident rights and privacy; fire safety, evaluation procedures, emergency and disaster preparedness, infection control, use of call system; feeding assistance; hydration; and resident personal hygiene will prepare the student for employment as a Resident Attendant in long term care facilities.

#### PROGRAM LEARNING OBJECTIVES

At the end of the program, students should be able to:

- help resident with personal care functions such as grooming and hygiene
- assist resident at mealtimes and monitor resident's eating habits
- assist residents with eating limitations and during potential feeding problems
- assist residents with potential hydration complications
- ensure resident's safety to and from daily activities
- clean and organizing the resident's room to minimize risks of infection
- ensure resident's right and privacy are adhered to at all times
- communicate with residents and families regarding care
- recognize and properly responding to verbal and non-verbal cues or messages when communicating with residents
- manage and report conflicts and issues resulting from a resident's reactive behaviors

## PROGRAM COMPLETION REQUIREMENTS

To successfully complete the course, the student must fulfill ALL of the following requirements:

- Earn a Final Grade of 75% or better
- Successfully performs a hands-on return demonstration of the required skills in feeding, hydration, and personal hygiene services
- Complete 24 hours of theory and laboratory

## PATIENT CARE TECHNICIAN TRAINING PROGRAM

The Patient Care Technician Training Program is a 300-clock hour program that prepares the student for an entry-level position in health care with specific focus on direct patient care services in a hospital or ambulatory care unit. The course trains the student on technical skills necessary to perform personal care to complex patients as well as implement selected portions of care plans including respiratory services, rehabilitation services, EKG and phlebotomy under the supervision of registered nurses. Students are required to complete 40 hours of Clinical Externship after completing requirements of the three main programs, to prepare them for employment. After successful completion of the program, the student is eligible to sit for the National Healthcareer Association Certification Exam. This is a multi-certification program whereby students earn individual diplomas and eligibility for certification as Nursing Assistants, Phlebotomists (with additional externship hours), and EKG Technicians.

#### PROGRAM LEARNING OBJECTIVES

At the end of the program, students should be able to:

- establish his/her role in the health care system;
- demonstrate knowledge of the health care delivery system;
- apply infection control and safety procedures;
- respect patient/resident rights
- assist patients with their protection, comfort, and physical needs:
- assist with health assessment procedures;
- · assist with the healing process
- assist with clinical situations and procedures;
- · apply phlebotomy principles and techniques;
- perform basic nursing care for patients/residents;
- perform ECG/EKG test procedures.

#### PROGRAM COMPLETION REQUIREMENTS

To successfully complete the program and be eligible to take the certification exam for Patient Care Technicians, the student must fulfill ALL the following requirements:

- Complete the program requirements of the Basic Nursing Assistant Training Program
- Complete the program requirements of the EKG Technician Training Program
- Earn a grade of 78.57% (2.3 Quality Points) or better in the Phlebotomy Principles and Practice course
- Earn a grade of 78.57% (2.3 Quality Points) or better in the clinical externship part of the program
- Complete 260 hours of theory, laboratory and clinical AND 40 hours of Externship

#### **Phlebotomy Principles and Practice**

100 hours

See Program/Course Description in previous page

#### **EKG Technician Training Program**

40 hours

See Program/Course Description in previous page

#### **PCT Externship**

40 hours

This course integrates theory and laboratory concepts and practices learned with field experience. Students gain actual experience in the workplace under supervision by a preceptor-employee from an off-campus medical facility. A Career Development Seminar concludes their clinical experience as part of the requirements for graduation.

## MEDICAL ASSISTANT TRAINING PROGRAM

ICI's Medical Assisting Training program is a 720-clock hour program that will focus on training students in performing administrative and certain clinical duties under the direction of a physician. Administrative duties may include scheduling appointments, maintaining medical records, billing and coding information for insurance purposes. Clinical duties may include taking and recording vital signs and medical histories, preparing patients for examination, drawing blood samples and administering medications as directed by a physician.

The program will also prepare the students in taking the certification exam for medical assistants through the American Medical Certification Association (AMCA) or the American Medical Technologists (AMT). After gaining program accreditation from the Commission on Accreditation of Allied Health Education Programs (CAAHEP), students will then have an additional option to take the certification exam from the American Association of Medical Assistants (AAMA).

#### **SCHEDULE OF COURSES**

TERM	COURSE
1st Quarter	MA-101: Communication in Healthcare (40 Hrs)
240 Clock Hrs	MA-102: Medical Office Management (40 Hrs)
	MA-103: Basic Practice Finances (40 Hrs)
	MA-104: Managed Care and Insurance (40 Hrs)
	MA-105: Procedural & Diagnostic Coding (40 Hrs)
	MA-106: Medical Law and Ethics (40 Hrs)
2 <sup>nd</sup> Quarter	MA-201: Applied Microbiology (120 Hrs)
240 Clock Hrs	MA-202: Clinical Math (20 Hrs)
	MA-203: Safety & Emergency Planning (40 Hrs)
	MA-204: Patient Care & Assisting – Lecture (60 Hrs)
3 <sup>rd</sup> Quarter	MA-301: Patient Care & Assisting – Clinical (160 Hrs)
240 Clock Hrs	MA-302: Certification Exam Review (80 Hrs)

#### **PROGRAM LEARNING OBJECTIVES**

At the end of the training program, students should be able to:

- Communicate with patients, families, and co-workers
- Perform administrative tasks such as:
  - Receiving patients
  - Answering telephone calls and correspondence
  - Scheduling patients' appointments
  - Collecting patients' co-pay fees
  - Maintaining, updating, and filing patients' records
  - Obtaining insurance pre-authorizations and referrals
  - Completing medical insurance forms
  - Performing patient billing and bookkeeping
- · Perform clinical tasks such as
  - Obtaining patients' medical histories and vital signs
  - Providing patient education
  - Preparing patients for examinations and procedures
  - Assisting the physician with examinations/procedures
  - Providing asepsis and infection control
  - Collecting and preparing laboratory specimens
  - Performing laboratory tests
  - Sterilizing medical instruments
  - Preparing and administering medications
  - Performing venipunctures
  - Performing electrocardiograms (EKGs or ECGs)
  - Removing sutures and change dressings
  - Preparing and maintaining examination and treatment rooms

#### **PROGRAM COMPLETION & GRADUATION REQUIREMENTS**

To successfully complete the program and be eligible for graduation, the student must fulfill ALL of the following requirements:

- Successful completion of all courses with a Final Grade of 75% or better;
- Completion of the required 720 clock hours for the program;
- Successful completion of all HESI Modular Exams with a grade of 90% or better, or the equivalent proficiency level exceeding minimum expectations for each of the modules – General Knowledge, Clinical Knowledge, and Administrative Knowledge;
- Successful completion of the HESI Exit Exam with a grade of 90% or better, or the equivalent proficiency level and exceeding minimum expectations.
- Financial Obligation to International Career Institute is paid in full
  or financial arrangements have been made with the Accounting
  Department.

Competency Exams – HESI Modular and Exit Exams ICI will implement the following HESI Exams (assessments specific to medical assisting) and the standard HESI Admission Assessment.

- Medical Assisting Modular: General Knowledge
- Medical Assisting Modular: Administrative Knowledge
- Medical Assisting Modular: Clinical Knowledge
- Medical Assisting Practice Tests for Exit Exam
- Medical Assisting Exit Exam

Expected levels of competencies will be based on the suggested proficiency levels defined by the HESI exams. A student must pass all the modular exams before he can take the exit exam. To complete all criteria required to graduate, he must pass the exit exam as well.

Remediation of Modular Exam(s) or Exit Exam

If a student is not able to achieve the proficiency level competence required by the program, he is allowed challenge a retake exam. However, he is only allowed to challenge the retake exam after completing an academic remediation plan defined by the program coordinator. The remediation process will be driven by the item analysis report generated from the results of the exam. Each missed test item will be remediated by assigned exercises and must be submitted back to the program director for validation. When the student successfully remediates all missed test items, he can prepare to take the retake exam.

If the student fails the retake(s), he will be required to attend the course(s) related to the modular exam(s) or the review class, if he fails the exit exam retake.

Remediation costs involves payment of the retake exams and a fee equivalent to 50% of the course's tuition if he must attend the course again. Rules on remediation will be discussed during the admission process.

#### **COURSE DESCRIPTIONS**

#### **COMMUNICATION IN HEALTHCARE**

40 hours

This course focuses on applying verbal and non-verbal communication in facilitating patient care. It promotes empathy, sensitivity and helps students discern patient's level of understanding. Students will learn proper telephone techniques, use restatements and clarification in obtaining patient history, compose professional business letters, explain general office procedures and instruct patients according to their needs to promote health maintenance and disease prevention.

#### MEDICAL OFFICE MANAGEMENT

40 hours

This course teaches the student to schedule and prioritize appointments, including patient admissions and procedures. It introduces the student to organizing and maintaining patient records, office inventory and upkeep of equipment, as well as managing patient and office records using electronic data management software.

#### **BASIC PRACTICE FINANCES**

40 hours

This course will introduce students to prepare bank deposits, book receivable and payable transactions on a daily basis, create billing documents, facilitate collection procedures, process credit balances and process refunds and post journal adjustments. Students must be able to utilize computerized office billing systems.

#### MANAGED CARE AND INSURANCE

40 hours

This course enables the student to distinguish different types of insurance plans and models of managed care. The students learn how prepare and file insurance claims, as well as comply with guidelines used in processing these claims. Students also identify types of physician fee schedules and diagnostic-related groups (DRGs) and the concept of Resource-Based Relative Value Scale (RBRVS).

#### PROCEDURAL AND DIAGNOSTIC CODING

40 hours

This course teaches the student on how to use the most current procedural and diagnostic coding system and the Healthcare Common Procedure Coding System (HCPCS). The student will also learn the concept of up-coding and why it should be avoided.

#### **MEDICAL LAW AND ETHICS**

40 hours

This course focuses on the legal scope of practice of the medical assistant, discussing licensure and certification as it applies to healthcare providers. It explains various healthcare laws and how they impact the medical assistant's practice. The course also discusses the Patient Bill of Rights, ADA and HIPAA implications in various healthcare settings.

#### **CLINICAL MATH**

20 hours

This course reviews pre-algebra concepts and practices the student in computations for solving fractions, decimals, ratio and proportions. It discusses measurement systems including metric, apothecary and household systems. It teaches the student to analyze charts, graphs or tables in interpreting healthcare results.

#### APPLIED MICROBIOLOGY

120 hours

This course discusses infection control procedures and personal safety precautions as established by OSHA. It emphasizes use of personal protective equipment, application of standard precautions in relation to body fluids, blood, mucous membranes, non-intact skin, methods of controlling growth of microorganisms, and handling of microbiological specimens.

#### SAFETY AND EMERGENCY PLANNING

40 hours

This course continues the discussion on personal protective equipment and details safety techniques that can be used to prevent accidents and maintain a safe work environment. It describes the importance of Materials Safety Data Sheet (MSDS) in healthcare settings.

#### PATIENT CARE AND ASSISTING

60 hours lecture | 160 hours clinical

This course starts with the study of the structural organization of the human body, its body systems, major organs in each body. It also focuses on discussions about the normal functions of each body system, common pathology related to each body system. The course teaches the students to analyze the pathologies as they relate to the body system. It details the implications of each disease or disability. It then discusses implications for treatment related to the pathology, including medications used for treatment of the disease or disability.

#### **CERTIFICATION EXAM REVIEW**

80 hours

This course is designed as a preparatory review for the Medical Assisting Exit Exam offered by HESI. It will also focus on the areas of knowledge to be tested in the following examination: RMA with the American Medical Technologists. Areas of testing include, Anatomy and Physiology, Medical Terminology, Medical Law, Medical Ethics, Human Relations, Patient Education, Insurance, Financial Bookkeeping, Reception, Scheduling and Appointment Booking, Records and Chart Management, Office Safety, Asepsis, Sterilization, instruments, Vital Signs and Mensuration, Physical Examinations, Clinical Pharmacology, Minor Surgery, Therapeutic Modalities, Laboratory Procedures, First Aid and Emergency Responses.

## **ACADEMIC STANDARDS AND POLICIES**

#### **GRADING SYSTEM**

The following grading scale is used in all courses and identifies its related impact on Satisfactory Academic Progress (SAP) Elements:

Letter Grade	Description	Percentage	Quality Points	Included In Clock Hours Completed	Included In Clock Hours Attempted	Included in Cumulative GPA
Α	Outstanding	96.42% - 100.00%	4.00	Yes	Yes	Yes
A-	Outstanding	92.85% - 96.41%	3.70	Yes	Yes	Yes
B+		89.28% - 92.84%	3.30	Yes	Yes	Yes
В	Above Average	85.71% - 89.27%	3.00	Yes	Yes	Yes
B-		82.14% - 85.70%	2.70	Yes	Yes	Yes
C+	Average	78.57% - 82.13%	2.30	Yes	Yes	Yes
С	Average	75.00% - 78.56%	2.00	Yes	Yes	Yes
F	Failure	0.00% - 74.99%	0.00	No	Yes	Yes
TC	External Transfer Credit			Yes	Yes	No
INC	Incomplete			No	Yes	No
W	Withdraw			No	Yes	No
NG	No Grade			No	No	No

The student's grade-point average (GPA) is computed by the following formula: Total Quality Points Earned / Total Units of Clock Hour attempted = GPA

## STANDARDS OF SATISFACTORY ACADEMIC PROGRESS (SAP)

All students must meet the following established minimum standards of achievement in order to successfully complete a course, progress through and complete the entire program. To be making satisfactory academic progress, students must maintain a specified grade point average and proceed through the program at a rate of progress leading to completion within a specified time frame. Satisfactory academic progress will be measured during evaluation points within the program.

	EFFECT OF OTHER SAP ELEMENTS ON CUMULATIVE GPA				
Letter Grade	Description	Included In Clock Hours Completed	Included In Clock Hours Attempted	Included in Cumulative GPA	
FN	Failure due to non-attendance	No	Yes	Yes	
TC	External Transfer Credit	Yes	Yes	No	
INC	Incomplete	No	Yes	No	
W	Withdraw	No	Yes	No	
NG	No Grade	No	No	No	
	Repeated Course	Yes	Yes	Yes	
	Additional Credential	Yes	Yes	Yes	
	Academic Warning	No	No	Yes	
	Academic Probation	No	No	Yes	
	Appeal Process	No	No	Yes	
	Extended Enrollment	Yes	Yes	Yes	

## **COURSE NUMBERING SYSTEM**

Each course offered in ICI is given a unique identifier which begins with a three letter code that indicates the discipline or subject area being taught and followed by a three or four-digit number to signify the course division level, numbered sequentially.

**100** – **999** General Education / Pre-requisite courses

1000 - 1999 Certificate Level courses

Attendance Requirement. Class attendance is mandatory to maintain satisfactory progress. A record of attendance is maintained for each student enrolled in any ICI program/course. This record demonstrates that a student consistently meets the minimum number of clock hour participation required by the program/course, as described in the program handbook/syllabus. Consequences for failing to meet the program/course attendance requirement are likewise stated in the succeeding parts of this handbook/syllabus.

Course Load. The normal course load required to ensure that a student satisfies all program requirements at its prescribed completion time is 166-270 clock hours per quarter. Any student who wishes to register for more than the maximum 270 clock hour course load per quarter or less than the minimum 166 clock hours, may be permitted by the Program Director upon submission of a letter justifying the request and guaranteeing successful completion of the program if permitted. Such requests must be made during and not later than one week after the start of the quarter.

Tuition fee adjustments may be discussed with the Accounting office upon approval of the request. Students receiving financial aid and other applicable grants or scholarships must review their eligibility requirements before making any changes to their normal course load. Students who plan to work while attending school are encouraged to adjust their schedules accordingly in order to meet the course load requirement.

Minimum Amount of Work a Student Must Complete Per Quarter. A student must successfully complete coursework at a minimum of 166 clock hours or at a 65% rate of progress per quarter in order to complete the program within the maximum allowable time frame.

**Maximum Time for a Student to Complete the Program.** A student must complete the program in no more than 150% (1.5) the normal program length.

**Minimum Grade Requirement upon Graduation.** A student must have attained a GPA of 2.3 or better in order to be considered for graduation. See eligibility for graduation and program completion for complete requirements.

Minimum Grade Requirement at the End of Each Quarter. Students must attain a 2.3 GPA or better in all nursing and non-nursing courses at the end of each quarter. Students must likewise attain a passing grade of "C" or better in all laboratory and clinical classes. Course Progression is dependent upon attaining a minimum GPA of 2.3 or the equivalent of in all courses.

Monitoring of Student Progress. The Academic Committee headed by the Program Director is responsible for monitoring student progress. A student's academic performance will be monitored while progressing through individual courses. A student must attain a passing score or better in the Midterm and Final Examinations. If a student falls below the passing score in either examination, he/she will be called for Academic Advising where areas that call for improvement and/or further concentration will be identified. The advisor may recommend remediation (see Academic Remediation), additional coursework, repeating the course or withdrawal. If the student is allowed to undergo remediation or additional coursework, he/she must demonstrate successful completion of either intervention before being allowed to take the succeeding examination.

Academic Remediation. Any student who does not attain the required score or grade in any of the major examinations in a course (midterm, final and/or comprehensive examination), attain the required GPA, or meet other curricular requirements may be required to undergo remediation as a condition of course/program completion or progression. The instructor or academic advisor may recommend individual focused review, faculty/peer tutorial, additional review and testing, or other types of coursework depending on the student's actual deficiency. The student must successfully complete all the items listed in his/her Remediation Plan in order to be allowed to progress through the course or the program.

Course Completion Requirements. In addition to the program completion and graduation requirements described in the preceding pages, each program would have specific and more detailed requirements per course in order to progress through the program. Conditional progression might be granted if student does not meet these requirements. See program student handbook or course syllabus for course progression details.

Incomplete Courses. All theory, laboratory and clinical coursework must be completed by the last scheduled day of a grading period for a course. A student is responsible to inform his or her instructor of the reason/s for failing to complete all assignments by that time. If an instructor deems such reason/s justifiable, the instructor may issue an "INC" grade with the approval of the Program Director. Students granted an "Incomplete" grade have seven calendar days from the last scheduled day of a grading period of a course to complete all course requirements. Students with an incomplete course are permitted to attend regularly scheduled classes.

A student who has a final grade of "INC" and does not successfully complete all coursework in the seven-day time period, or as otherwise specified, receives a course grade calculated based on a grade of "0" for missing work. Any action that may result from a grade calculated on this basis (such as Academic Warning or Academic Probation) is taken immediately. The Program Director may extend the completion of an "INC" grade upon a student's appeal with recommendation from the teacher. An Extension Addendum to the original enrollment agreement must be signed prior to the start of the succeeding quarter. Students on Extended Enrollment will be assessed an Audit Fee for each quarter extended. When an "INC" grade is removed and a final earned letter grade is assigned, the GPA is recalculated based on the final grade.

**Dropping and Withdrawal.** Students may voluntarily drop or withdraw from the course anytime during the program but no later than the midterm period. Students must file a Dropping Form / Withdrawal Slip in order to be considered officially dropped from the roster. Failure to attend classes or verbal notification to instructors does not constitute an official drop or withdrawal. Students may likewise be "Force Dropped" from a course. Specific regulations for both instances of course withdrawal, as well as implications to course final grade and GPA are stated in the course Academic Policies and/or Student Handbook.

Regardless of the reason for dropping or withdrawal, the balance of the course tuition and fees, as calculated based on the Refund Policy, shall remain the student's responsibility. Tuition and fees will be pro-rated according to the student's class attendance. The withdrawal date shall be the student's last day of attendance. After withdrawing from a course, the student may choose to be transferred to the next available class

but on a last priority enrollment basis. Full payment of any balance in tuition and fees from a previous course must be paid upon the second registration. Students may only drop from a class once and may only be considered for re-enrollment once. Note: Please see Enrollment Agreement for tuition refund eligibility guidelines.

Repeated Courses. If a student fails to earn a passing grade in a required course, he/she must repeat that course. The student may re-enroll in the next available class for the course at 50% of the tuition and 100% of miscellaneous fees. Full payment of any balance in tuition and fees from a previous course must be paid upon the second registration. Students may repeat a course up to two times and only as scheduling permits. Grades of "NG" and "W" do not count in the repeated course limitation. The grade received on the most recent repeat becomes the final grade and replaces all other grades for that course in the GPA calculation. All other attempts count in the calculation as attempted but not earned credits. A student may only repeat a course twice. Any student who fails a required course twice will be dismissed from the program.

Academic Warning and Academic Probation. Any student who is unable to maintain a 2.3 cumulative grade point average (GPA) at end of a quarter will be placed on Academic Warning for the next quarter. Additional coursework, quizzes, tutorial, focused review, etc. may be required of the student in an effort to reach the expected level of performance. The student must be able to commit extra time, if necessary, for scheduled academic advising, focused reviews and/or tutorials. Cumulative GPA and course completion might be impacted while student is on academic warning.

If a student on academic warning is still not able to meet the required 2.3 cumulative grade point average by the end of that quarter, he/she will be placed on <u>Academic Probation</u>. Additional coursework may again be required to reach the required GPA in order to be removed from probation. Cumulative GPA and course completion might be impacted while student is on academic probation.

Academic Suspension or Termination. At the end of probation, if the student has not brought his/her grades to meet the school's satisfactory academic progress policy, the student may be suspended or terminated, depending on the recommendation of the academic review committee. The student has a right to appeal the decision to the Program Director and/or the School President. The appeal should be submitted in writing within one week of the committee's decision.

Procedure for Re-establishing Satisfactory Academic Progress. Students not meeting the GPA requirement must proactively strive to improve their cumulative GPA by completing coursework that brings them in full compliance with the SAP Standards or the approved academic plan. Students placed on academic probation shall be required to attend a mandatory orientation before being allowed readmission.

**Readmission to the Program.** Students who fail the course may retake each course no more than twice during the term of the program. Readmission to the program is at the discretion of the faculty and the Program Director.

**Extended Enrollment.** The Program Director may approve an Extended Enrollment Status for students who have completed all required course registration but choose to graduate later in the academic year. Students must make the request with their

academic advisor no later than the first week of the quarter in which the extension is to begin. If granted approval, the student will be assessed 10% of the course tuition cost for each quarter

extension. If the student does not graduate before or by the end of the succeeding term, he or she will be involuntarily withdrawn from ICI and must apply for readmission. ICI is not obliged to approve student readmissions more than twice on a given program year.

**Leave of Absence**. A student may be allowed to interrupt study temporarily due to medical and other compelling reasons. The maximum time a student may be allowed to go on leave of absence depends on the reason for the request and documentation submitted to substantiate the request. The Program Director will review the request for Leave of Absence and make the decision accordingly.

Seeking Additional Credentials. Students who wish to change programs or seek additional credentials may be permitted under certain conditions: 1) The student must meet the maintaining GPA for the original program before being admitted into the new program and 2) The student must have graduated from or formally withdrawn from the original program before being admitted into the new program.

Upon approval of the Program Director, students may add or substitute course registrations no later than the first week of the beginning of the quarter. Tuition fee adjustments will be made according to the published tuition fee refund schedule. Students who enroll in classes not required for program completion will be held to the same policy on Maximum Time Frame for program completion without exception. This includes students who enroll in unnecessary courses for the sole purpose of obtaining full-time financial aid. ICI does not reset SAP for students who change their programs or seek additional credentials. All attempted clock hours/credits and earned grades are included in the SAP determination.

Transfer Credits and Impact on GPA. For students who seek to transfer credits earned from another institution, only courses with a grade of "C" or better, completed within a specified period, and those earned from a US-accredited or approved school may be considered for credit evaluation. The Program Director determines if such courses may be credited towards program requirements. Grades earned from credited coursework will not be part of the calculation for the student's GPA but will be included in the equivalent clock hours attempted and completed. The grade of "TC" will appear in the student's transcript.

Appeal Process. Students who fail to meet these standards and have been put on academic warning, probation, suspension or termination can appeal the decision. Appeals must be in writing and addressed to the Program Director. The appeal must be accompanied by an explanation of why they were not able to meet academic standards and documentation, if available, of any mitigating circumstances that prevented them from attaining satisfactory academic progress (examples are hospital records, income statements, etc.). The Academic Committee, led by the Program Director, will evaluate the appeal and send the written decision to the student within ten days from receipt of the appeal. Such decision will likewise spell out any conditions the student must meet if he/she was reinstated into the program and any additional coursework required in order to regain satisfactory academic progress.

### STUDENT SERVICES

The Student Services Department was developed in order to assist students in their personal, social, educational and career developmental needs.

#### **Advising**

All ICI faculty members are trained and equipped to help students with education and career planning. They can provide help with self-awareness and concerns, which may interfere with personal and academic goals.

#### **Tutorial Services**

International Career Institute faculty may also provide tutorial services by appointment. Peer tutorial is also available. A student on a higher level of knowledge will be matched with students or groups who will work with them on specific theory content, math, reading, or even hands-on clinical skills.

#### Library

The ICI Library provides students with essential resources to help them better understand the lectures, assist with school projects and research current issues in healthcare, using:

- Text and Resource Books
- Audio Visual Resources and Videos
- Medical and Nursing Journals
- Internet access

Current library holdings may be viewed through Librarika (<a href="www.librarika.com">www.librarika.com</a>). ICI is also listed as a Special Library under the Reaching Across Illinois Library System (RAILS), which is part of the Illinois Library System.

#### **Computer Laboratory**

Students at International Career Institute have access to desktop computers with internet access in the Computer Laboratory. Computers may be used for research, study, assignment and other school work. Wi-Fi is also available for students who need online access in their devices.

#### **Online Resources**

ICI uses CANVAS (https://canvas.instructure.com), a learning management system, to document, track and report student performance. It also serves as a supplemental delivery platform for all educational courses. Individual student accounts will be created and access to specific course materials, grades and resources will be given as it applies.

#### **Career Placement Services**

Job placement assistance is available to all graduates after successful completion from the program, subject to employment criteria.

#### **Student Records and Privacy Rights**

Education records shall be maintained only by the Student Services staff. All administrative staff shall be instructed concerning the confidential nature of such information and their responsibilities regarding it, pursuant to the family education rights and privacy act of 1974 (FERPA).

A student who has been in attendance at the school shall have the right to inspect and review the contents of his education records, subject only to reasonable arrangements concerning time, place, supervision and cost of reproduction of the records, but in no case shall the time be more than thirty (30) days after a request has been made, Cost of each reproduction shall be \$1.00 per page.

Student records are held in trust by the school for the mutual benefit of the student and the educational mission of the school. Therefore, except with the prior written consent of the student, or otherwise stated, no information in any student record file may be released to any individuals or organization. Refer to Consent to Release Student Information Form.

### **Request for Transcripts & Certificate**

Certificates of Completion will be issued to students who have successfully completed all course requirements, fulfilled all financial obligations and cleared by the Financial Services department. Transcript of Grades will be issued together with the certificate of completion to students who have fulfilled all financial obligations and cleared by the Financial Services department.

Students may request for a copy of their transcripts through the Student Services Department in person at the corporate office or by mail with a signed letter of request including payment. The student has an option to pick up or mail the transcript with proper authorization by the student. Third party requests for a transcript must be accompanied by written authorization, signed by the student.

As a policy, ICI keeps physical copies of student records for five (5) years after which are archived (scanned and filed in a secure electronic storage).

## **COMPLAINTS AND GRIEVANCES**

Complaints against the school should be addressed to the Administrator unless the student remains unsatisfied after the student has exhausted the internal complaint/grievance process, then all complaints against the school may be registered with the Illinois Board of Higher Education and/or Illinois Department of Public Health by sending a letter or calling either of the offices listed below. The procedure for filing complaints and grievances is listed in detail in the Student Handbook.

Revised 04.2024

#### **FINANCIAL AID**

ICI is not currently participating in HEA Title IV funds from the federal government

#### NOTICE TO STUDENT

- Do not sign this agreement before you have read it or if it contains any blank spaces.
- This agreement is a legally binding instrument and is only binding when the agreement is accepted, signed, and dated by the authorized official of the school or the admissions officer at the school's principal place of business. Read all pages of this contract before signing.
- You are entitled to exact copy of the agreement and any disclosure pages you sign.
- This agreement and the school catalog constitute the entire agreement between the student and the school.
- 5. Any changes in this agreement must be made in writing and shall not be binding on either the student or the school unless such changes have been approved in writing by the authorized official of the school and by the student or the student's parent or guardian. All terms and conditions of the agreement are not subject to amendment or modification by oral agreement.
- 6. The school does not guarantee the transferability of credits to another school, college, or university. Credits or coursework are not likely to transfer; any decision on the comparability, appropriateness and applicability of credit and whether credit should be accepted is the decision of the receiving institution.

#### **REFUND / CANCELLATION POLICY**

**Tuition Refund Policy.** Student registration, application, payment plan and laboratory fees and identification card are not refundable. Under the law, you have the right, among others, to pay the full amount due and to obtain under certain conditions a partial refund of the finance charges.

Any student applying for a class that is discontinued by the school shall receive a complete refund of all fees and/or tuition paid. It is the policy of International Career Institute (ICI) to issue refunds of tuition and fees in a prompt manner. Students should give written notification to ICI (in person, by postal or electronic mail) of their intention to withdraw from a program. ICI requires written notification of withdrawal as a condition for making refunds.

Should the student's enrollment be terminated, or should the student withdraw for any reason, regardless of actual attendance in the course/program or time of access of any online classes/resources, all refunds will be made according to the following refund schedule:

Tuition Reimbursement Schedule			
Based on date of enrollment, if cancellation is made within	Student is entitled to get back		
0 to 2.9 calendar days	50% of course tuition fee		
3 to 6.9 calendar days	20% of course tuition fee		
More than 7 days	0% of course tuition fee		

Cancellation Policy. The student has the right to cancel the initial enrollment agreement until midnight of the third calendar day after the student has been enrolled into the program. If the right to cancel is not given to any student at the time the agreement is signed, then the student has the right to cancel the agreement at any time and receive a refund on all monies paid to date within 10 days of cancellation. Cancellation should be submitted to the authorized official of the school in writing.

Withdrawal Procedure. All notifications of withdrawal must be in writing. If no notification of withdrawal is received, and a student has had an unexplained absence of more than fifteen (15) consecutive class days, ICI shall consider the student to have withdrawn from the program. In all cases, the date of withdrawal shall be fifteen (15) days after the last day of attendance. Refunds shall be made within 30 days after the written notification of withdrawal has been received by the institution. No refunds will be made without written notice of withdrawal.

#### STUDENT ACKNOWLEDGEMENTS

- I hereby acknowledge receipt of the school's catalog, which contains information describing programs offered, and equipment or supplies provided, if any. The school catalog is included as part of this enrollment agreement and I acknowledge that I have received a copy of this catalog. Student Initials
- I have carefully read and received an exact copy of this enrollment agreement. Student Initials
- 3. I understand that the school may terminate my enrollment if I fail to comply with attendance, academic, and financial requirements or if I fail to abide by established standards of conduct, as outlined in the school catalog. While enrolled in the school, I understand that I must maintain satisfactory academic progress as described in the school catalog and that my financial obligation to the school must be paid in full before a certificate or credential may be awarded. Student Initials
- I hereby acknowledge that the school has made available to me all required disclosure information listed under the Consumer Information section of this Enrollment Agreement. Student Initials
- 5. I understand that the school does not guarantee transferability of credit and that in most cases, credits or coursework are not likely to transfer to another institution. In cases where transferability is guaranteed, ICI must provide me copies of transfer agreements that name the exact institution(s) and include agreement details and limitations. Student Initials
- I understand that the school does not guarantee job placement to graduates upon program completion. Student Initials
- I understand that complaints, which cannot be resolved by direct negotiation
  with the school in accordance to its written grievance policy, may be filed
  with the Illinois Board of Higher Education, 1 North Old State Capitol Plaza
  Ste 333 Springfield IL 62701 or at www.ibhe.org. Student Initials
- I hereby acknowledge that payment of tuition and fees are my obligation.
   Application of financial assistance or loans does not negate this responsibility. ICI is currently unable to participate in TITLE IV funding of the Higher Education Act of 1965. Student Initials
- I hereby acknowledge that any payment made by check or debit/credit card
  that is returned for non-payment or disputed (chargeback) will result in a
  Returned Payment Fee of \$40 per instance. Student Initials
- 10. I understand that tuition account balances must be on current status in order to advance to the next phase or program component and for admission to a new course and examination. Student Initials
- 11. I understand that if my account becomes 10 days past due, a \$40 late fee will be assessed and I shall not be able to return to class and/or be able to take any exams until the account is brought current. Student Initials
- 12. I understand that tuition and other fees must be current, if a payment plan was created, or fully paid prior to completion of the program.

  Student Initials
- 13. I understand and acknowledge that if I cancel my enrollment after my class has started, I am still responsible for any payment due in my payment plan account and that any unpaid accounts may be sent to a collection agency, and that I am responsible for any collection costs and attorney's fees associated with the collection of the account. Student Initials
- 14. I understand and acknowledge that I am expected to complete all program requirements on the class end date and that I will be responsible for any program extension penalty or fees until I successfully complete the program beyond my expected program completion date. Student Initials

The student acknowledges receiving a copy of this completed agreement, the school catalog and written confirmation of acceptance prior to signing
this contract. The student by signing this contract acknowledges that he/she has read this contract, understands the terms and conditions, and agrees
to the conditions outlined in this contract. It is further understood that this agreement supersedes all prior or contemporaneous verbal or written
agreements and may not be modified without the written agreement of the student and the School Official. The student and the school will retain a
copy of this agreement.

Student's Signature	Date	Official Representative's Signature	Date	

## Appendix C: FINANCIAL INFORMATION

#### **FINANCIAL OBLIGATION**

Payment of tuition and fees is an obligation of the student. Full payment of tuition and fees must be paid on or before the first day of class, unless a Payment Plan Agreement, has been signed by the student and accepted by ICI. Students who do not pay tuition and fees by the payment deadline may be Force Dropped from the course/program. Students who are Force Dropped are required to pay all tuition and fees due.

#### **PAYMENT POLICY**

- Each payment is due on the day indicated in the signed payment plan agreement. There is an assessed late fee of \$40.00 if payment is not received within ten days of the payment deadline.
- Tuition and fees may be paid in the form of cash, check, money order, credit or debit card.
- Any payment made by check that is uncleared or returned by the bank unpaid will result in a returned check fee
   (NSF) of \$40.00 per check or the banking institution's prevailing fee at the time of check return, to be charged to
   student. Students with two instances of returned checks will be required to make future payments in cash, money
   order, or cashier's check.
- Payments received will first be applied to other charges and fees (e.g. interest fees, late fees, NSF fees, service fees, etc) and then to oldest tuition balances.
- Outstanding tuition balances must be paid before taking any major exam (Midterm, Final and/or Comprehensive Exams). Students will not be allowed to take those exams until financially cleared.
- Students with delinquent accounts may be restricted from academic and administrative services including access to grades, registration, and admission to the next course/program.
- Accounts that are delinquent beyond 90 days may be referred to a collection agency, which may impact the student's credit reports or to a collection lawyer if necessary.
- In the event that a student withdraws from the school, student must formally request for a refund by completing the withdrawal form. Refund of fees and/or tuition paid in advance will be calculated based on the existing refund policy. Refer to the signed Enrollment Agreement for further details.

#### LOAN PROGRAM / ICI TUITION INSTALLMENT CONTRACT WITH PROMISSORY NOTE

The school provides its own internal loan program through affordable payment plan options. Payment plan application is available to all students with several options. Please refer to the program Payment Plan Agreement for options and applicable terms.

#### **BENMARK SCHOLARSHIP**

This program is funded by a private organization and administered by the school. This is available to all students who demonstrate and meet the established academic requirements. For more information, please see the Scholarship Coordinator.
